

Dear Parent/Carer,

Online safety is an important area in all our lives and has become increasingly complex. Whilst many of us did not grow up with technology, it is integral to the lives of our children. In school we have lessons throughout the school to teach pupils about keeping safe online and it is important that you are aware of the risks and issues too.

Below, you will find instructions to a series of short videos, which we have commissioned for you. These are free to you as a parent/carer of a child in our school and are brought to you by a nationally respected specialist in E-Safety. The videos will take you through a series of issues, they are non-technical and provide you with support and guidance.

1. Go to the following web page: <https://www.esafety-adviser.com/eltparents>
2. Enter the password: 246GreenBalloons642
 - a. You do not need to remember this password.
 - b. Note the capital letters in the password.
3. Enter your email address and the name of the school.
4. Click 'Subscribe'.

You will receive a welcome email and then, each day after that for 7 days, you will receive an email to view a short video along with supporting advice and links.

We hope you find the guidance both interesting and useful.

Yours faithfully

Steph Whitcombe

Safeguarding Lead
Sweyne Park School
